

SWOT: Family Center Content

Strengths

Content Relevance

Resources and tools presented by the Family center is relevant to the young adult generation

Company Values and Brand Image

Meta establishes a better brand image by presenting products that aligns with their social company values

Weakness

Family Target Audience

Content is distinctly tailored for parents unwelcoming towards other demographics

Content Organization

Education Hub articles presentation is not a digestable organization

Opportunities

Product Value

Tools (screen time usage, etc.) offered in Meta Family Center is valuable and appealing towards a broader demographic including young adults if targeted properly.

Threats

Meta's Potentially Contradictory Brand Image

Resources that the Education Hub offers might come across hypocritical / contradictory given big tech companies such as Meta have association with privacy and misinformation issues.
